### Welcome to the Archives of Maryland Online

The ongoing Maryland State Archives publication series, *Archives of Maryland Online*, currently provides access to over 471,000 historical documents that form the constitutional, legal, legislative, judicial, and administrative basis of Maryland's government. Online access enables users to research such topics as Maryland's constitutions and constitutional conventions' proceedings, session laws, proceedings of the General Assembly, governors' papers, and military records. This project allows the Archives to place into electronic form and preserve for future generations records that are scattered among a number of repositories and that often exist only on rapidly disintegrating paper.

The Information Technology Fund of the State of Maryland provided initial funding for the online *Archives of Maryland*. Additional funding comes from annual appropriations and private contributions. See [Project History and Description](#) for additional background as well as technical details and staff.

#### [Interpreting the Archives of Maryland Online](#)

This section of the *Archives of Maryland Online* provides direct links to essays and monographs that were written expressly for or are based on the resources of *AOMOL*. They introduce, interpret, and/or enhance the primary sources contained in *AOMOL*.
